

# Design Challenge Week 4 Day 2

Recreate the hero section from the following colorlib template using Figma. You do not need to mind about the background image. Bonus points if you also designed those arrow iconed red circles located at the edges. The logo image is located in your drive outside this file. Use that image for the nav bar logo (Buson.). The design should be as near to the website itself.

Colorlib template : <https://colorlib.com/preview/#buson>

The section which you have to concentrate is pasted below:
